PUBLISHER'S NOTICE.

After next issue THE PROGRESS will be entirely a home production. The arrangement which we have continued since the beginning of the year does not give us sufficient space for territorial news. There will be some important new features introduced, and the paper will be four pages of seven columns each. Through a pressure of book and job printing, and having but a necessarily limited staff, we have been unable to give as much time and attention to THE PROGRESS as we wished. The extra rush of work being nearly over, we will be able to make the paper more interesting.

SETTLEMENT.

From Ottawa reports the fact that the monopoly clause of the 1871 charter will be repealed. It is said to be as follows:

"The government will guarantee fifteen million pound grant bonds bearing interest at 2 to 3 1/2 per cent and involving an annual charge of about \$500,000. The government is to have as protection for the guarantee the whole unold portion of the land grant of the company, originally twenty-five million acres, and since reduced to thirteen million acres. These thirteen million acres will be the basis of security. The lands to be administered by a trust and the proceeds of sale to go toward the liquidation of bond issue. In addition, it is reported the company will be responsible for the interest on the bonds, which will become a charge on its surplus earnings in the event of the receipts from land sales growing inadequate, but no mortgage will be put on the railway property. The postal receipts of the company and receipts for the transport of stores, etc., for militia department are also to be pledged, so rumor says, to the government as security for interest on the bond issue and protection of the guarantee."

Assuming the above to be correct it must be conceded that more equitable terms could not well be conceived. No doubt they will be objected to, but it is vain to attempt to satisfy the extreme party politician. The passion-blind partisan may be found in isolated instances even throughout the enlightened Northwest. A specimen may be found in the Wolsley correspondent of the Regina Journal. (We trust our readers will pardon us for thus prominently noticing him.) That individual imagines THE PROGRESS will have to make a "summersault" on the disallowance question, and by an insinuation implies dishonesty of motive in the course followed by us on that subject. It is only the narrow-minded who question the honesty of an opponent's convictions on any subject and we can therefore afford to ignore any such implication. If our Wolsley friend will refer to a file of THE PROGRESS and carefully peruse what we said, he will find that a settlement with the C. P. R. Co. without the payment of a large sum of money is the key to the position taken by us. When the terms are laid before Parliament and thus definitely made known, we will discuss them in the light of our previous utterances on the disallowance question.

VESTRY MEETING.

The V. S. Peter's church held an annual meeting on Monday last in the vestry of the church. The following report was presented: We, the church wardens, beg to submit

our fourth annual report and while tendering our resignations of office desire to acknowledge the assistance we have received in various ways, during the past twelve months from many members of the congregation. We desire specially to mention the S. Peter's Ladies Aid Society which was formed in September, 1886, and has already accomplished much for the benefit of our church. The society has furnished seven lamps for the chancel at a cost of \$10; four choristers cassocks, value \$16; choir stalls forming a handsome addition to the church, cost \$113.50, and the society also contributed a sum of \$20 to the fund raised for the erection of a pulpit. We may also mention that the society at a recent meeting decided to contribute the sum of \$20 towards the payment of the first instalment of the loan from the Diocesan Fund. We must also record the active part the ladies of the congregation have taken in arranging and carrying out a number of entertainments the proceeds of which have been devoted to various church purposes. Since our last report there has been a change in the Incumbency. The Rev. W. E. Brown returned to England at the beginning of this year and Rev. G. B. Childs, our present Incumbent, was duly appointed by his Lordship the Bishop, a selection which we feel assured has met with the approval of the entire congregation. We regret to have to report that the financial statement for the past year is not satisfactory. We have again failed to contribute the sum towards the Clergy Stipend Fund which the executive committee of the Synod imposed upon us as our just contribution, and whilst well aware that the recent unfavorable seasons have somewhat curtailed the promised contributions, yet we must urge upon the Vestry the necessity of providing at least the sum required by the Executive committee, namely \$100. The funds so generously supplied by the English Societies cannot be depended upon much longer and the Vestry will then be obliged to assume the entire responsibility. The offertories we are glad to say have been fairly well maintained during the year, the sum of \$158.25 has been carried from that fund to the Clergy Stipend Fund, after paying all expenses incident to the church.

We beg to report a financial statement together with the books for audit. We cannot close this report without references to the changes which have taken place in the choir; Mr. H. Jagger, Master, and H. J. Edwards, Organist, resigned their respective offices last summer, a matter of much regret to the congregation who fully appreciated the value of their services. We must also express our thanks to Mr. Dee, the Brother Superior of St. John's College, who has since filled both offices and has shown much zeal in organizing the choir.

All of which is respectfully submitted.

Signed,
J. B. MILLIKEN, Vicars churchwarden.
LESLIE GORDON, People's churchwarden.
